Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the Mission Boulevard Corridor Improvement Project in the Cherryland and Ashland areas of unincorporated Alameda County in surface transportation reauthorization legislation. The project sponsor for this project is the Alameda County Public Works Agency, and the project is located at Cherryland and Ashland Communities, Unincorporated Alameda County, California. The funding is designated to beautify and revitalize the corner by adding new sidewalks, enhanced crosswalks, new bikeways, intersection bulb-outs, pavement resurfacing, pedestrian-scale lighting, street tree planting, utility undergrounding, fiber optic conduits, bus boarding islands, decorative street furnishings, and public art elements. The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: residents, community members and businesses will enjoy safety features and enhanced opportunities for walking, biking, and riding public transit, as well as an improved driving experience.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Eric Swalwell  
Member of Congress
